SUMMARY

Hello,

I'm Tatu Arminen, a 28-year-old actor from Finland, based in London. I'm graduating in November 2025 with an MA in Acting (International) from East 15 Acting School. I am open to new professional opportunities.

I'm a down-to-earth person and fully committed to acting. I also have experience from serving in the United Nations peacekeeping mission in Lebanon (2018–2019). In my free time, I sing and play guitar, keep myself active with sports, and follow my favourite ice hockey team, Ilves.

EXPERIENCE

My passion for acting was sparked in 2019 through early camera work, including modelling, which led me to pursue professional training and acting opportunities.

Since 2019, I have worked in various TV and film productions in Finland, including a significant role as Luukas, the head chef, in *Rantabaari* ("The Beach Bar"), as well as *Helsinki Syndrome* (S2), *Lahti 2001* and *Lakeside Murders* (S2).

During my studies in England I acted in two short films with the University of Essex Film Department (*The Interns* & *The Flat Affair*) and in a student adaptation of *Henry IV Part 1* at Shakespeare's Globe Theatre.

I have also appeared in many commercials, which provided valuable camera experience and collaboration with creative teams. I now focus on film, TV, and stage work.
