Sports - high level skill across all

Action - firearms, boxing, tumbling, calisthenics

Misc - Skating (blades) Longboarding, MTB

Driving - Quadbike 10+ years, evasive driving

Process

I have extensive work on both sides of the camera and have a full understanding of post workflows. This helps me to grasp scripts and actions very well, operating in both headspaces and being aware of how everything is coming across to camera is a huge bonus to me. It also makes me understanding and easy to work with.

In my eyes, preparation is everything so I am always ready to put the work in to make sure production is smooth, fast, and enjoyable.

With small productions, I am ready to help crew and make things happen as well.
